CAREER OBJECTIVE

Computer Science graduate skilled in full-stack web development (React, Firebase, Node.js, Nest.js) with a growing passion for computer networking — routing, switching, and IP subnetting. Built and deployed multiple end-to-end applications; eager to contribute as a frontend, full-stack, or networking intern.

TECHNICAL SKILLS

Networking: VLSM Subnetting, IP Addressing, Routing & Switching, OSI Model, TCP/IP, Cisco Packet Tracer

Languages: JavaScript, TypeScript, Python, Java, C++, PHP

Frontend: HTML, CSS, Tailwind CSS, DaisyUI, React, React Router, Context API, Framer Motion, Next.js

Backend: Node.js, Nest.js, Express.js, REST API, JWT Auth, MVC Architecture

Tools & DB: Git, GitHub, Firebase, MongoDB, PostgreSQL, MySQL, Postman, Vercel, MATLAB, Jira, Figma

PROJECTS

CareerCode – Job Search & Career Platform | *React 19, Vite, Tailwind CSS, Node.js, Express, MongoDB, JWT Auth, Firebase Auth* [Client GitHub](#) | [Server GitHub](#) | [Live Demo](#)

- Built full-stack job platform with React 19 + Vite; Firebase Auth (Email/Password + Google OAuth) with JWT-secured protected routes and role-based access for job seekers and employers.
- Developed RESTful backend with Node.js, Express, MongoDB; deployed client on Firebase Hosting and server on cloud with env-variable-secured configuration.

PassionLoop – Hobby Group Community Platform | *React, Node.js, Express, MongoDB, Firebase Auth, Tailwind CSS* [Client GitHub](#) | [Server GitHub](#) | [Live Demo](#)

- Built complete group CRUD with Firebase Auth (Email/Password + Google OAuth), protected private routes, and live search & category filtering.
- Implemented animated card UI, show-more pagination, and group detail pages; deployed on Firebase Hosting with MongoDB Atlas backend.

Event Hub Management System | *TypeScript, Next.js, Nest.js, PostgreSQL, REST API* [GitHub](#)

- Modular full-stack event scheduling with session cookie authentication and role-based access control (RBAC) for admin and user roles.

CareerFusion – Job Portal Web App | *React 19, Firebase Auth & Firestore, React Router, Tailwind CSS, Framer Motion, Vite* [GitHub](#) | [Live Demo](#)

- Firebase Auth (Email/Password + Google OAuth) with forgot-password reset, protected routes; animated company & job listings with detail modals using Framer Motion.
- Fully responsive UI with Tailwind CSS + DaisyUI; deployed to Firebase Hosting with env-variable-secured configuration.

EDUCATION

American International University–Bangladesh (AIUB)

Jan 2022 – 2025

B.Sc. in Computer Science & Engineering | **CGPA: 3.73 / 4.00**

Police Lines School & College, Rangpur

2019

HSC — Science | **GPA: 5.00**

Birampur Pilot High School, Dinajpur

2017

SSC — Science | **GPA: 5.00**

CERTIFICATIONS & SOFT SKILLS

Certifications

- IT Essentials — Cisco Networking Academy
- Complete Web Development — Programming Hero

Soft Skills

- Teamwork & Collaboration in Agile Environments
- Strong Problem-Solving & Analytical Thinking
- Fast Learner, Adaptable & Effective Communicator
